Wednesday 5th February 2020

Dear Parents/Carers

Forest School Meeting Friday 7th February 2020 at 2:15pm

We are fortunate enough to be able to be part of the Forest School project in Essex. The children will visit a private wood in Bocking owned by Lucy Tabor on a rota basis. They will be transported there and back by Braintree District Council Community minibuses and will spend approximately 2 hours in the wood, undertaking an exciting range of activities with four of our staff. The visits will take place on a Friday morning throughout the Spring and Summer terms and the children will return to school for lunch.

This is a unique opportunity to cover aspects of the Foundation Stage Curriculum in a most stimulating environment.

We would like to invite you to a meeting where we will give you lots more information about the activities which the children will be engaged in and a chance to meet the staff involved.

There will be no cost incurred to parents but we would need your help in providing them with wellies, hats and gloves. They will make the visits in all weathers except high winds.

Yours sincerely

Kate Mills
Headteacher
